What's Happening?

Product or Team Goal
What's our Product or Team Goal?
It's useful to surface this and gain lignment before we get started! 🍯

	pursue our Goal, consider	What's Accelerating us?	What's Slowing us down?		
Flow	Uninterrupted, highly productive work when we are deeply engaged and at our most creative.	What's Increasing our Flow? 👍	What's Reducing our Flow? 👎		
Focus	Our ability to visualise and concentrate on key objectives without distractions.	What's Increasing our Focus? 👍	What's Reducing our Focus? 👎		
Feedback	Timely and constructive information and responses that guide and improve our work.	What's Improving our Feedback 👍	What's Limiting our Feedback 👎		

How can we Evolve and Improve with Experiments?

Prioritised Impediments, Challenges or Changes	What Impediment, Challenge or Change will we focus on?	How do we know it's impacting us? What do we see, hear or notice? Before, during or after?	Where do we think it's coming from?	What Experiment or Change will we try to create a better outcome?	How will we try this out? Should we apply it widely and consistently or do something more targeted?	What Signals would we receive if our Experiment or Change were Successful?	What Signals would we receive if our Experiment or Change were Unsuccessful?	How Long will we try it for?	What Resources or Support do we need to get started?	When will we Start?
